WORK EXPERIENCE

Freelance Software Developer – *Bitinfo Technology* **Feb– Mar 2025**
Remote *Surat, Gujarat*
- Developed and deployed features for a real-estate platform using the MERN stack.
- Collaborated with a cross-functional team to enhance UI/UX and implement server-side logic.

Mentor Intern – *Centurion University* **May-June 2025**
On-site *Bhubaneswar, Odisha*
- Guided fellow students in DSA through GFG LMS and doubt-solving sessions.
- Delivered structured content and peer mentoring as part of the Placement training Program.

MY PROJECTS

Study-Notion (EdTech Platform) | MERN Stack [Study Notion](#)

- Built a full-stack learning platform with role-based auth, payment gateway, and cloud integration.

Shop-Nest (E-Commerce Platform) | Angular, Spring Boot, MySQL [Shop Nest](#)

- Developed with Spring Security, Tailwind CSS for UI, and robust backend APIs (in-progress).

Code-Shield AI | GenAI, MERN [Code Shield](#)

- Built a GenAI-powered platform detecting code vulnerabilities using VulBERTa, GPT, and VulDeePecker.

- Developed during a 24-hour hackathon, includes gamified feedback and role-based access.

EXTRA-CURRICULAR

- **Hackathons:**
  - Innothon – IIIT Bhubaneswar (2025)
  - CodHer – Anna University (2025)

- **Open Source:** GSSoC Ext. 2024
